Dear Josh:

Thanks so much for sending me the interesting reports on the colchicine work. I would like to keep them a bit longer. I am not sure whether we will try colchicine on Phleum, but if we do, your observations will be most helpful in getting us started.

Sorry I didn't see you at East Lansing. I am no longer on the NSF panel, but will hope to run into you again soon at some other function.

With very best regards,

Sincerely,

Richard H. Goodwin
